## **Discussion**

Future planning to replace missing gauntlets (25 minimum order), purchasing Brass Tubas and /or Saxophones.

It was also noted that we had a \$3000 credit with the uniform company due to errors made by the company. Pants can be adjusted/hemmed. Four members volunteered to help hem pants this Friday, 9/14

A discussion was held about distributions from the on-line fundraiser. There was a question raised if using all the monies raised from our on-line fundraiser during this marching season was wise, and if we could sustain this level of fundraising in the future. There was also discussion about leaving carry-over funds in our accounts as a 501-C It was brought to the groups attention that we also support Winter Guard and Indoor Drum Line. Their travel expenses, while smaller, have been fully funded in the past through district funds. But, we are prepared to cover them if necessary.

A proposal was raised to investigate the possibility of creating an endowment fund for Buena Bands. Research will need to be done into local and state regulations. We have a financial planner ready to assist our organization, however we will need the assistance of a lawyer to proceed.

The potential for the Buena Bands to fill the void of the Fort Huachuca Bands is encouraging. We hope our band can become more involved in community activities and several opportunities for public performances are unfolding.

9/30 Spirit Band for the Alzheimers Walk at mall.

A future "Meet the Band Night" may be possible. Changes in the agreement between the district and city about the "old apache HS" and surrounding area could free us from the \$1000 band shell rental fee at the park.

## **Old Business**
